- Stainless steel carafe holds 60 oz.
- Pulse brewing technology
- Hot water spigot
- Energy Efficient

Specifications

Product Details

Upgrade your office coffee brewer with the 150! This thermal coffee brewer holds up to 60 oz. of hot, fresh coffee in its stainless steel carafe for up to 6 hours. Using pulse brewing cycle technology, the 150 only brews when the water has reached optimum brewing temperature, enhancing the flavor in every ounce. The 150 is also equipped with a hot water spigot, perfect for tea, hot chocolate, and oatmeal. When not actively brewing, the 150 switches into energy-saving mode to reduce energy consumption.
