Power Consumption	330 W - 3.2 Amps
Model Number	555-T

Culligan Quench products are certified by independent authorized 3rd party laboratories in accordance of appropriate industry standards. To find out more about which certification your product may have, please contact us.

All sparkling water dispensers require CO₂ cylinders. If connecting to a bulk or existing CO₂ system, a CO₂ line terminating at a ¼" barbed shutoff valve must be available at the installation site.
