## Specifications

## Product Details

Elevate your water cooler with the Q9 with Firewall®! The Q9 offers enough cold, ambient, hot and extra hot filtered water on-demand for any office, breakroom, or high-traffic area. The Q9 takes cleanliness to the next level with BioCote® antimicrobial surface protection to control microbial growth on key surfaces as well as patented Firewall® UV-C technology at the point of dispense to maintain water cleanliness. The Q9 features a programmable energy saving sleep mode to reduce power consumption and bottles saved counter to track the environmental impact of usage. The Q9 is available as an ergonomically designed freestanding machine or space-saving compact countertop machine.

 Large capacity
